Chiaki Mihara: *Autorretratos*

September 22 – December 2, 2018

Galeria Palácio is pleased to present *Autorretratos*, Chiaki Mihara's first solo exhibition with the gallery. A series of six concise and monochrome drawings are presented, produced with oil pastel crayons on linen.

Having drawing as its artistic foundation and directly influenced by anime culture due to its Japanese descent, in *Autorretratos*, Chiaki Mihara proposes to the public a personal and introspective confrontation with questions that refer to cultural and identity origins. In *Autorretratos*, an intimate sense is established to Chiaki Mihara's drawing aesthetics, introducing to the public a synthesis of the artist's foundations of production.

Chiaki Mihara (1997, Porto Alegre, Brazil) lives and works in Porto Alegre
